BEFORE

AFTER

TOUCH UP™ is an easy to use paint solution that assists our customers to maintain brand image without messy cans, paint brushes and supplies. TOUCH UP's innovative bottle and sponge applicator allows users to touch up surfaces quickly and easily in an innovative manner. Paint only flows through the applicator when it's pressed and upside down. The application plunger prevents spills and excess flow. When finished, simply rinse the sponge and replace the cap until TOUCH UP is needed again.

TOUCH UP ADVANTAGES:

- No spill applicator prevents mess
- Easy to use, reuse and store
- Custom color to match your facility
- Improved image instantly
- Low cost, no tools or supplies required

EFFECTIVE ON:

- Masonry
- Steel
- Wood
- Concrete
- Stucco
- and more...
